

What you can expect at a one-day workshop

FUN! You'll also find support, information and meet other people dedicated to living successfully with stuttering.

The workshop format includes presentations, small discussion groups, panel presentations and group activities. Children, teens, siblings, parents and speech-language pathologists attend sessions geared specifically toward their individual needs.

Children's programming is activity-based and focuses on feelings about and strategies for dealing with stuttering. This programming is facilitated by speech-language pathologists and members of the adult stuttering community.

Benefits for Young People:

- Meet others who stutter
- Have fun talking!
- Learn about stuttering and ways to increase your confidence communicating

Benefits for Parents:

- Learn how to best support your child
- Meet other parents of kids who stutter and share experiences and concerns with people who "get it"

Benefits for SLPs and SLP students:

- Learn more about stuttering, current treatments and the support available to people who stutter

Workshop Schedule

UNIVERSITY**

0.7 CEUs offered for Speech-Language Pathologists

1 College Credit available for those who attend both the NSSLHA and FRIENDS Conferences

** CEUs and College Credit pending approval*

CONFERENCE OBJECTIVES:

At the completion of the conference, participants are able to:

- Describe effective intervention strategies for children who stutter and their families.
- Understand need for management approach to childhood stuttering that includes parents, professionals and support networks.
- Identify specific social and clinical strategies for supporting children who stutter and their families.

FRIENDS is a national non-profit, volunteer organization created to provide support and education for children and teenagers who stutter, their families, and the professionals who work with them.

For more information about FRIENDS call 866-866-8335 or visit www.friendswhostutter.org.

For ISU Maps and Directions, go to: <http://www.isu.edu/maps/>

The conference will be held in building #14

Title: Stuttering Treatment: Working Above and Below the Surface

Key Note Speaker:

Michael Blomgren, Ph.D., CCC-SLP

Dr. Blomgren is an Associate Professor and Chair of the Department of Communication Disorders at the University of Utah. He completed his B.Sc. in Psychology and Linguistics (University of Victoria, 1989), his M.S. in Speech Pathology (University of Hawaii, 1991), and his Ph.D. in Communication Science (University of Connecticut, 1999). Dr. Blomgren’s research interests are broadly focused in two areas: (1) evaluating aspects of speech motor control in stuttering and nonstuttering speakers and (2) evaluating treatment outcomes of stuttering treatment. He has numerous publications in the area of stuttering and has presented novel research at conferences and meetings around the world. Dr. Blomgren teaches two graduate courses: Fluency Disorders and Cognitive-Communication Disorders. He has been at the University of Utah since 1999.

Speaker Disclosure: Tammy has no financial or relevant non-financial relationships to report.

Facilitators:

Daniel Hudock, Ph.D., CCC-SLP

Dr. Hudock is an Assistant Professor at Idaho State University. He has an expertise in fluency disorders and an interest in the neuroscience of speech perception. He’s taught graduate and undergraduate courses at the university level and his clinical experiences range from being a school-based private practice speech language pathologist to helping run intensive stuttering workshops.

Speaker Disclosure: Tammy has no financial or relevant non-financial relationships to report.

Jody O’Donnell, M.S., CCC-SLP

Jody is an Assistant Professor at Idaho State University. Jody obtained her BS degree from Iowa State University (1977) and her MS degree from Idaho State University (1983). She provided speech-language pathology services in the American Falls & Rockland school districts until 2009.

Speaker Disclosure: Tammy has no financial or relevant non-financial relationships to report.
